AN INDUSTRIAL ICON REIMAGINED FOR FAIRS, CONGRESSES AND EVENTS

The conversion of the Sheds into a dynamic events venue is one of the most impactful ways Tour & Taxis has been reenergized in recent years. A masterpiece of civil engineering with their sawtooth roof and astonishing self-supporting metal framework, the sheds cover modular spaces of over 17,000m².

One of Brussels' largest and most adaptable events venues, the Sheds host exhibitions, cultural events, fairs and shows that attract visitors from all corners of the globe each year.

The Sheds host fun, engaging and diverse events throughout the year. These include Streat Fest, Affordable Art Fair, Collectible, Comic Con Brussels, Brussels Beer Fest, La Foire du Livre to name a few.

A MULTI-PURPOSE VENUE

The Sheds offer a unique setting that combines volume, natural light, and total layout freedom. Bathed in beautiful northern daylight, the space benefits from a soft, even illumination without any direct sunlight — ideal for creating controlled atmospheres in every season.

With a vast, column-free surface, the Sheds provide complete flexibility. The space is 100% modular and can be adapted to suit any type of event, from exhibitions and trade fairs to film shoots or exclusive evening receptions.

The venue is also fully accessible to all, including people with reduced mobility, ensuring a smooth and inclusive experience for every visitor.

SUSTAINABLE EVENTS, LASTING IMPACT

Sustainability at Tour & Taxis goes beyond eliminating plastic cups and straws—it's about making a real difference. The Sheds embrace eco-friendly practices, ensuring that every event respects both history and the environment.

As part of a Green Key-certified site, our operations meet strict international sustainability standards, balancing heritage preservation with a commitment to the future. We deliver top-tier service while integrating responsible solutions, and we encourage our partners, suppliers, and clients to do the same.

HOST YOUR EVENT SUSTAINABLY—BECAUSE THE PAST AND THE FUTURE CAN LIVE SIDE BY SIDE.

IN THE HEART OF IT ALL

This major urban zone is conveniently situated in the heart of Brussels' former dockyards and is easily accessible by road, rail, airport, and public transport.

Brussels Airport provides direct **flights** to nearly 250 destinations and is just 10 km away. The city is also well connected by **rail**, with high-speed Thalys and Eurostar services allowing access from many European cities in under three hours.

Brussels' **public transport** network offers excellent connectivity, with buses, trams, metros, and trains just minutes from Tour & Taxis. A free direct shuttle from North Station ensures seamless transfers for event attendees.

For those arriving by **car**, Tour & Taxis is only minutes from the Brussels ring road, offering connections to major motorways and Brussels Airport. On-site parking is available, including spaces for people with reduced mobility.

The site also encourages **ecofriendly transport** options such as bikes, scooters, and e-bikes.

Download the access map in **French** or in **Dutch**.
